Notre Dame Football Men Paid To Play

Carlinville, Ill., Jan. 25 (By the A. P.).—Rivers Anderson, business manager of the local football team, tonight declared he had personally hired and paid Notre Dame players to play football for Carlinville against Taylorville last fall.

While Louis Moise, coach of the team, said that "in his knowledge there was no Notre Dame man in the Carlinville lineup." Both assertions were made in formal statements to The Associated Press.

Mr. Anderson cleared John Mohardt, a person who had been charged with paying the players, and said that several Notre Dame stars he had expected to have been in the lineup did not appear for the game.

"I handled the money for the team and I personally hired and paid Notre Dame men to play," said Mr. Anderson. "I am not willing to say how much they were paid or who they were. We thought we had arranged to have the entire Notre Dame first team, but several of the stars did not show up. Mohardt did not play."

although nearly everyone thought he was playing. There were some regulars from the local team, but there also were several substitutes.

Moise, a star athlete at the University of the South in 1908-09, did not confirm his statement.

DESCH AND MOHARDT INNOCENT

Chicago, Jan. 25 (By the A. P.).—In declarations tonight were that Gus Desch and John Mohardt, Notre Dame football stars, who were said to have played with Carlinville, Ill., in the professional game last fall against Taylorville, Ill., which resulted in disqualification of nine University of Illinois athletes, would be cleared of any connection with the college football scandal.

Developments today tended to show that Desch and Mohardt were innocent victims of a case of false identity.

Both Desch, member of the American Olympic team, and Mohardt, an all-American halfback selection, last night

issued formal denials that they played in the game and today presented evidence to the Notre Dame authorities at South Bend, Ind., that they were in school the day of the contest. When the Carlinville people, who thought they had hired the two players, learned of this they frankly declared they had been deceived. The names of Desch and Mohardt and that besides being beaten at their own game of "safe betting" they had been the dupes of the "ringers" they hired to make the betting safe.

At South Bend, Desch and Mohardt presented their evidence at an informal meeting of some members of the college athletic committee, and later these members expressed the opinion that the two men were innocent and merely victims of circumstances. A formal meeting of the committee will be held tomorrow at which all information gathered will be gone over.

The reports spread through Carlinville previous to the game were that ten Notre Dame men had been procured to play and that the selection of these men was made by the Carlinville people.

RICKARD MAY BE ASKED TO HANDLE TITLE BOUT ABROAD

Jack Kearns, manager for Jack Dempsey, said Saturday that Promoter Tex Rickard might be asked to stage a return match between the world's heavyweight boxing champion and Georges Carpentier in Europe next summer.

"I have not approached Rickard," said Kearns, "but the idea appears to me as a way out of a most unusual situation. Here I am with the best fighter in the world on my hands and I cannot find an opportunity to get him in the ring with an opponent who appears to have enough chance to draw a paying crowd. At least that's the situation so far as match making talk is concerned by promoters whose word and money is something tangible to gamble on."

THRONGS ADMIRE HIS WORK
Wonderful Demonstration Upon the Sick
Naturopathic Treatment the Talk of the City
Their Private Offices in the Thayer Building Are Visited by Hundreds.

Elks' Hall was crowded to its utmost capacity during the past two weeks. There was not even standing room. The people had to push between seats and almost on top of one another. The crowd that rushed on the stage for treatment after the instructive lecture was almost an audience in itself. The variety of cases coming to their attention, and the pleading for treatment, caused the Naturopathic doctors to secure local offices at 15 Franklin Street, Norwich. Also to have given 5 extra demonstrations last week.

Dr. Blumer, founder of Naturopathy who introduced Drs. Glorie and William L. Hubbel to Norwich, as a permanent practitioner of Naturopathy, certainly took this city by storm. His lectures were so highly instructive, so convincing, and abnormalities were so satisfactorily treated and explained to the public that thousands of adherents attended every lecture in ever increasing numbers in order to benefit as much as possible from Dr. Blumer's short stay in this city.

No matter what ails you, no matter how hopeless your case may seem, you should not allow another day to pass without taking advantage of the Naturopathic doctors' vast experience and skill. Naturopathic push buttons work wonders. That's what they all say and the public backs up these statements.

"Wonderful," "Astounding!" "Marvelous!" "Astounding!" How can they do it? And many like expressions were heard every afternoon as the audiences surged out of Elks' Hall, after witnessing the most remarkable exhibition of healing ever presented in this city.

Free, on the public platform of the hall, the sick, the suffering, the lame, the halt, the blind and the deaf were treated, in full view of the audience, by these wonderfully endowed men. After but a few moments application of their remarkable methods, withered muscles were vitalized, paralyzed limbs took new life, crippled were made whole, deaf people heard, and pain and aches vanished as the mist before the sun.

By the rapidity of their work and its startling results, they held the people spellbound in wonder, awe and admiration. They daily performed cures which astonished the skeptical set the severity to thinking and convinced the doubtful that their methods to cure the sick is unquestioned. No matter what the disease—how bad, how long standing or hopeless the cases are, the Naturopathic healing results obtained in these clinics performed before all who are willing to investigate this unique method.

Naturopathy with its Triplety of Sciences as taught in the Naturopathic College in Hartford, Conn., wonders. It has been emphatically stated that well trained practitioners, versed in the comprehensive curriculum, as taught at the Naturopathic college in Hartford will be able to duplicate the magnificent healing results obtained in these clinics performed before all who are willing to investigate this unique method.

At the offices of Drs. Hubbel and Glorie, local Naturopathic doctors, rooms 315-316 Thayer Building, it is said that Dr. Blumer will be there for some time.

Cripples and difficult cases of years' standing are invited to avail themselves of this opportunity of receiving relief under supervision of the founder.

A gentleman who had been deaf for seven years had his hearing greatly improved in ten minutes.

A middle-aged woman who suffered four years from neuritis was relieved of all pain in a moment of time.

A man seventy-seven years old with all the stiffness of age, as well as all his rheumatic pains, was relieved in a few minutes' time.

A lady from Jewett City, had been troubled with neuritis in her arms for several months which baffled the regular methods of treatment, which she employed. Having received the regular treatment from the demonstrator a feeling of ease and comfort was again established.

Naturopathic treatment was given to a very bad cripple who leaned on a stick and umbrella after which she arose and walked back and forth on the stage without her umbrella amid the enthusiastic applause of all who witnessed the great work.

When a lady was treated who had been afflicted with neuritis in her arms, the pain being almost unbearable. She said that she rubbed and used all sorts of liniments to no avail. She received a treatment from the Naturopathic demonstrator and then was pleasantly surprised to find that her pain was "all gone" as she expressed it.

People afflicted with all sorts of diseases, claim to be highly benefited. The other day a young man who had not slept for two weeks, because of the condition of his stiff neck, who received only one treatment, and now claims that Naturopathic treatments are a God send! What it did for him should be published broadcast.

A young man from West Town street whose trouble was a painful condition in the ankle with a short limb which has never fully developed, received a treatment on the stage. After several moments tone and motor ability were restored.

The Naturopathic doctors have private offices at rooms 315-316 Thayer Building, 15 Franklin Street, Norwich, and can be consulted free from 10 a. m. to 8 p. m., until February 15th.
